Subject: Runway Expansion

Gentlemen:

I am opposed to the newer proposal for runway expansion. We definitely DON'T need a larger airport. We also DO NOT need or want the noise pollution, the jet fuel pollution or the increase in taxes that an airport expansion will bring. We will look and smell like L.A. Where you can't see the mountains and the air is of questionable quality. Our air already a problem do we need to add to it?

Keep the FAA out of this decision and keep our airport small.
